

The Ensemble HTML Plug-in can be customized to display a featured category from your media library. You can also preview how the Plug-in will look, and then copy the HTML Plugin code to the clipboard so you can then paste it into a Web page.

Go to the Web Publishing Area

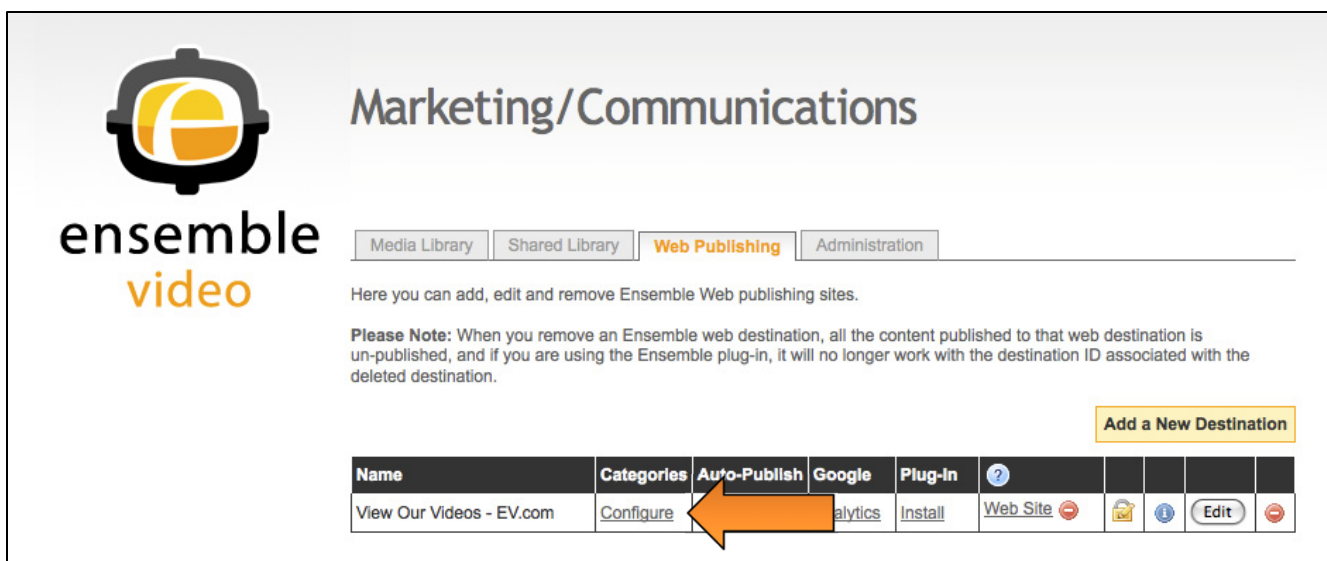

Click on the Web Publishing tab to choose your web destination.

The screenshot shows the Ensemble Video interface with the 'Marketing/Communications' header. The 'Media Library' tab is selected, and an orange arrow points to it. Below the tabs, there is a list of 9 items. The first item is 'What is Ensemble Video?' published on 8/30/2011 at 11:02 PM. The second item is 'Enabling a Generation of Digital Storytellers' published on 8/2/2011 at 5:24 PM. Each item has 'Edit', 'Share', 'Copy', and 'Delete' buttons, and a 'Published' status indicator.

Choose Configure Categories for a Web Destination

Select the configure category for your web destination.

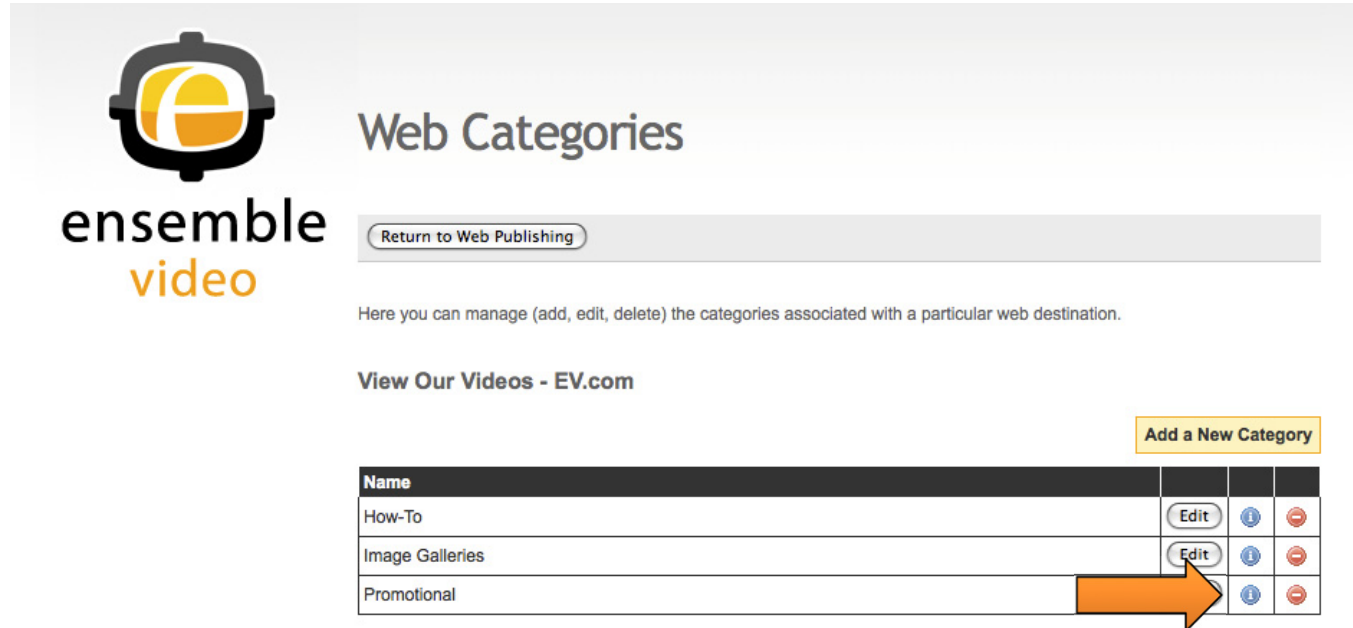

The screenshot shows the Ensemble Video interface with the 'Marketing/Communications' header. The 'Web Publishing' tab is selected, and an orange arrow points to it. Below the tabs, there is a section titled 'Here you can add, edit and remove Ensemble Web publishing sites.' followed by a 'Please Note' warning. Below this is an 'Add a New Destination' button. At the bottom, there is a table with columns: Name, Categories, Auto-Publish, Google, Plug-In, and a help icon. The first row is 'View Our Videos - EV.com' with 'Configure' in the Categories column, 'analytics' in the Google column, and 'Install' in the Plug-In column. An orange arrow points to the 'Configure' link.
